

Ling Cao

Affiliations

School of Oceanography, Shanghai Jiao Tong University

Core work interests related to Solving FCB

Sustainable aquaculture management, climate impact & mitigation, biodiversity conservation

Role in Solving FCB:

Lead PI of the China case study

Cong Zeng

Affiliations

School of Oceanography, Shanghai Jiao Tong University

Core work interests related to Solving FCB

Biodiversity conservation, eDNA

Role in Solving FCB:

Project manager of the China case study

Yue Liu

Affiliations

PhD student, Shanghai Jiao Tong University;

Supervisor: Ling CAO

Core work interests related to Solving FCB

Ecosystem functions and services of seaweed mariculture and its interaction with climate change

Role in Solving FCB:

Senior research assistant of the China case study

Jihao Peng

Affiliations

MS student, Shanghai Jiao Tong University;

Supervisor: Ling CAO

Core work interests related to Solving FCB

Remote sensing, carbon footprint analysis, aquaculture

Role in Solving FCB:

Research assistant of the China case study
