

# Costa Rica Case Study: ***Astrid Sánchez Jiménez***

Department of Biology – Research Center of Marine  
Science and Limnology (CIMAR)  
Universidad de Costa Rica

## **Core work interests related to Solving FCB:**

[astrid.sanchezjimenez@ucr.ac.cr](mailto:astrid.sanchezjimenez@ucr.ac.cr)

What should a decision support tool for elucidating desirable and just social-ecological futures in small-scale fisheries look like?

## **Role in Solving FCB:**

Postdoctoral researcher | The role of values and deliberative valuation in alternative (fair) pathways of transformation | The use of futures methods to create transformative change
